

Billabong Bulletin

June Edition, 2020

We encourage students to achieve deeper learning in an interactive form.

We at BHIS are mindful of the teaching process. With technology being available to all of us easily these days we are using it to facilitate our teaching. Students have been introduced to a variety of platforms such as Kahoot, Google Forms, Testimoz, etc. to make learning an enjoyable process. At BHIS (Andheri), working towards building the skills of our students is the primary goal of our education.

Learners Speak

I love my school very much. It's the best school in the whole wide world. I am so glad that they have started online classes. I can now meet my friends and teachers. While sitting at home, I get to learn new things.

- Vidal Gaikwad, PSY 4

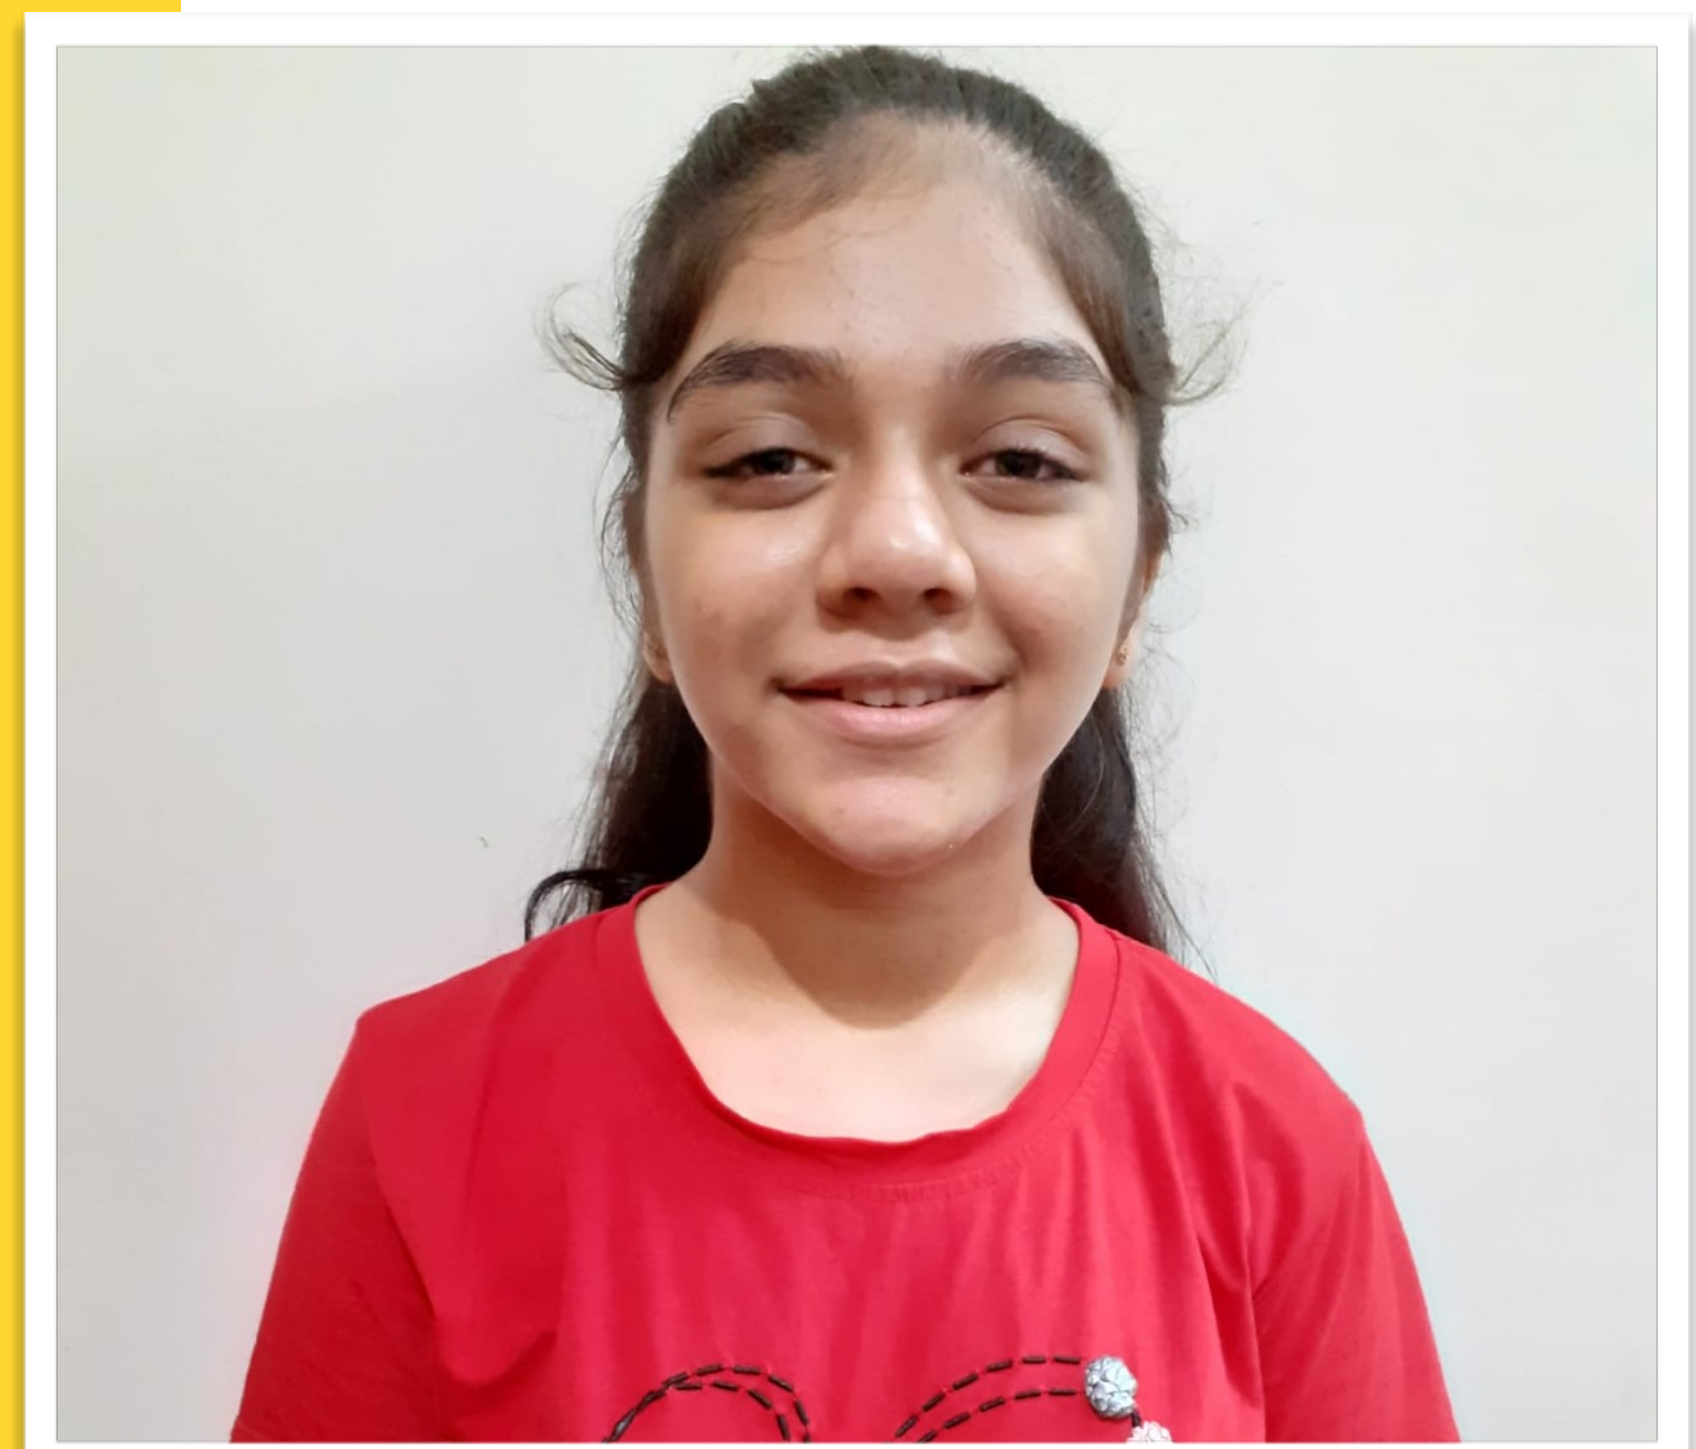

I am enjoying online classes but I miss my school, friends and teachers and want to meet them in person. But I also love to do my online assignments as it is a lot of fun to use the computer by myself. The best part is that we are connected to our studies. My favourite subjects are Global awareness and Art, I miss my Prerna teacher.

- Myra Shahani, Grade 2

This is my third year with Billabong High International School, Andheri and I am extremely happy with the school & the teaching modules. Due to the lockdown, the recent introduction of online classes has been a boon to us as I am able to keep myself busy & have interactive sessions with the teachers in the new academic year. We really appreciate the Principal & the teacher's effort for the same. Sincere gratitude

- Mannat Seth, Grade 8

Events

The virtual education times didn't deter us from celebrating special days, after all these celebrations make our daily routines special.

Rhyme Day

Our little PSY 1 learners "Rolled the Rhyme".

World Ocean Day

Our little munchkins were a part of the solution and **POLLUTION**.

World Environment Day
Preschoolers nurtured the nature.

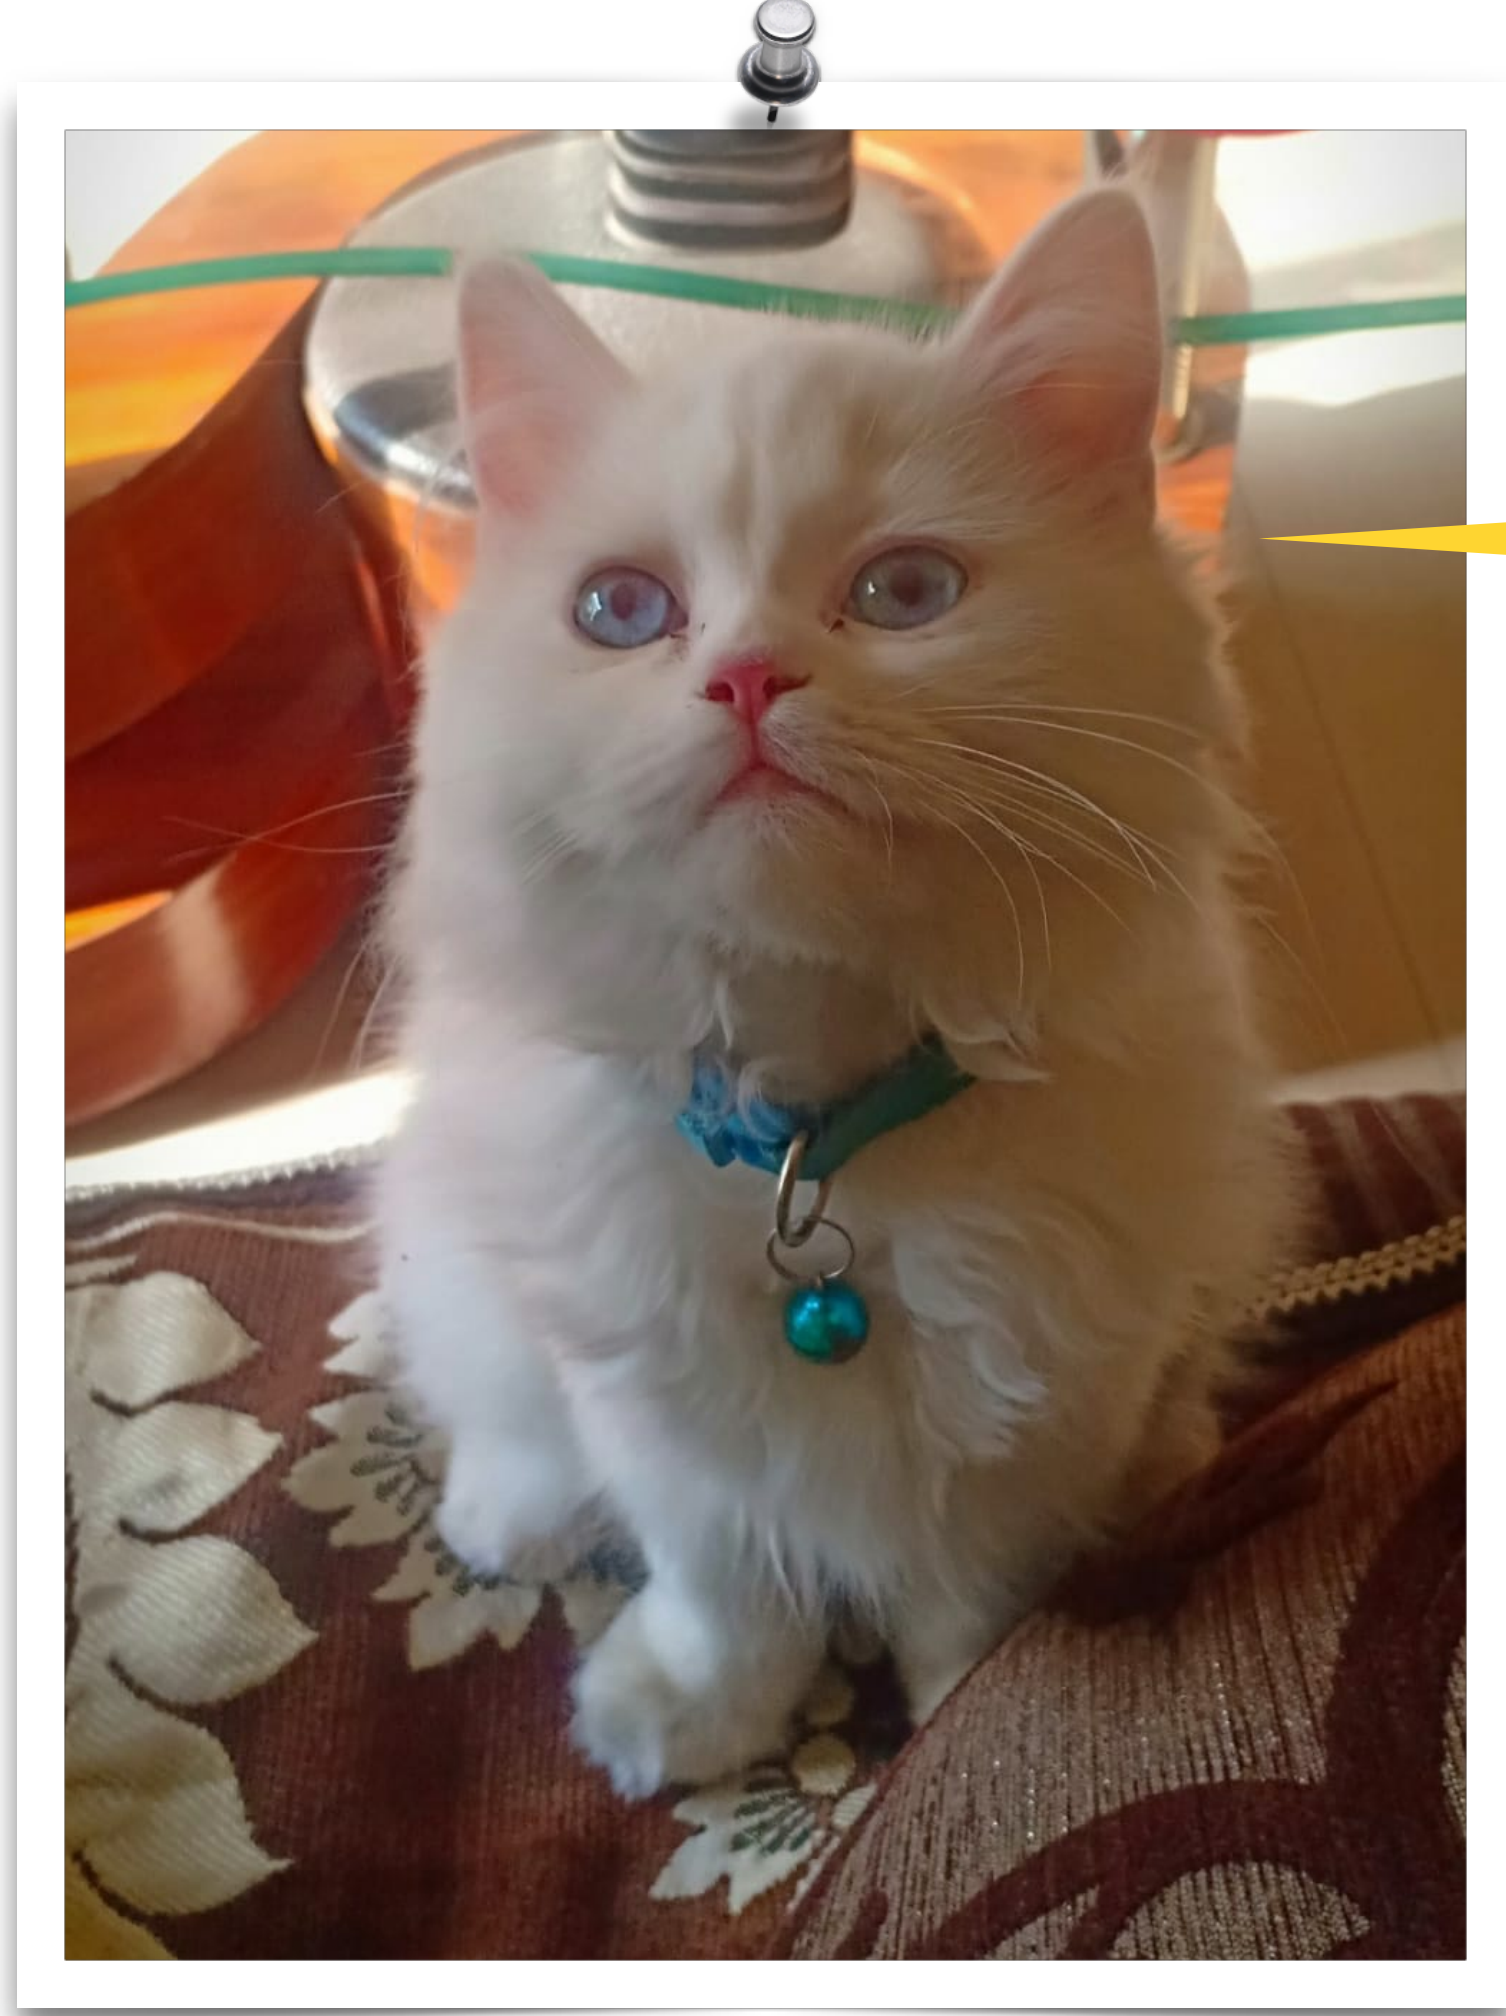

Sense-O-Frolic Day

Our PSY 3 and 4 learners explored different senses on this special day.

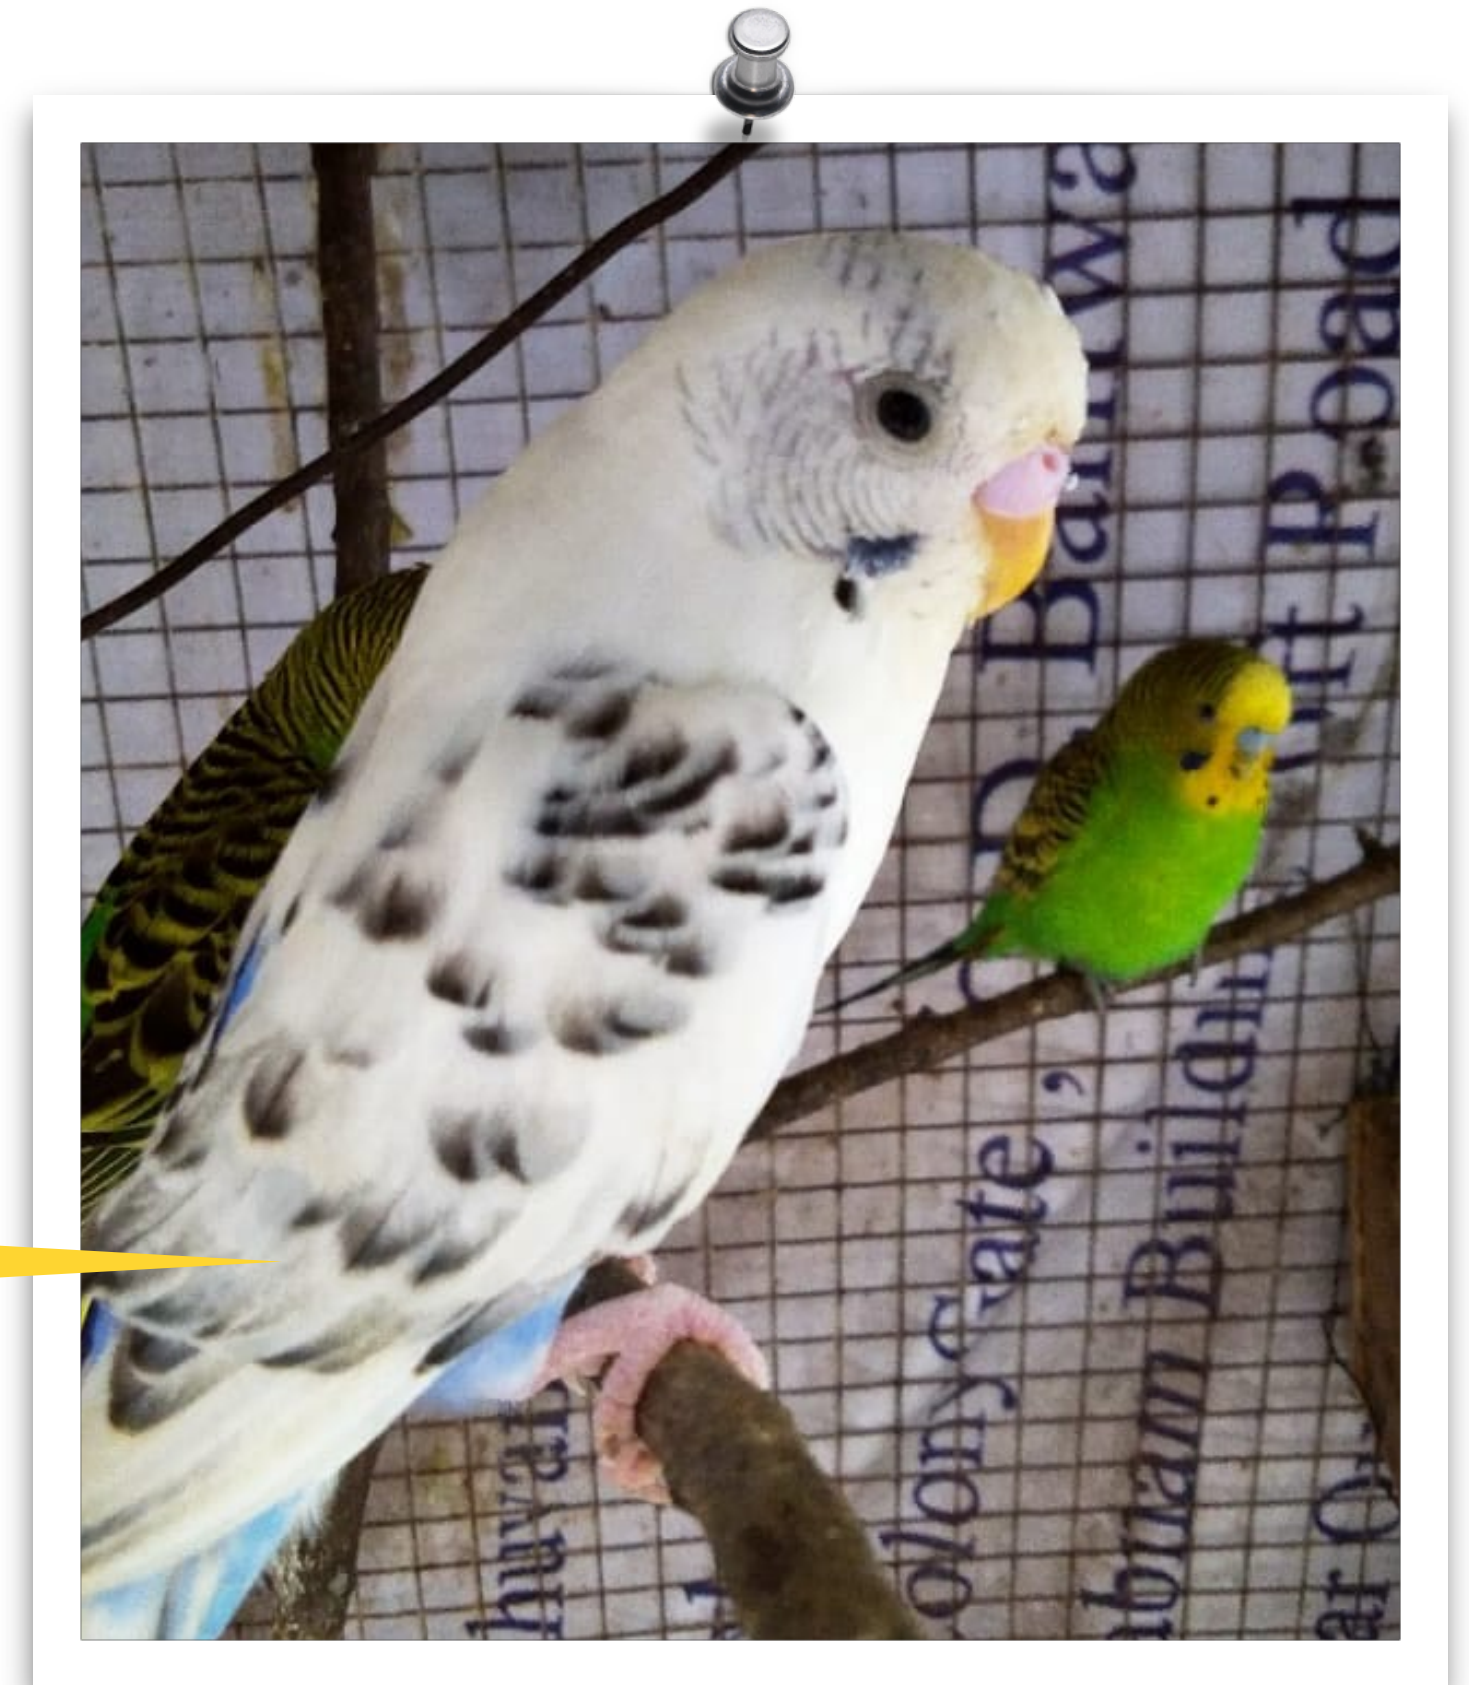

Mansi A. Maniar (Baker) came to PSY 1 class to meet our toddlers.

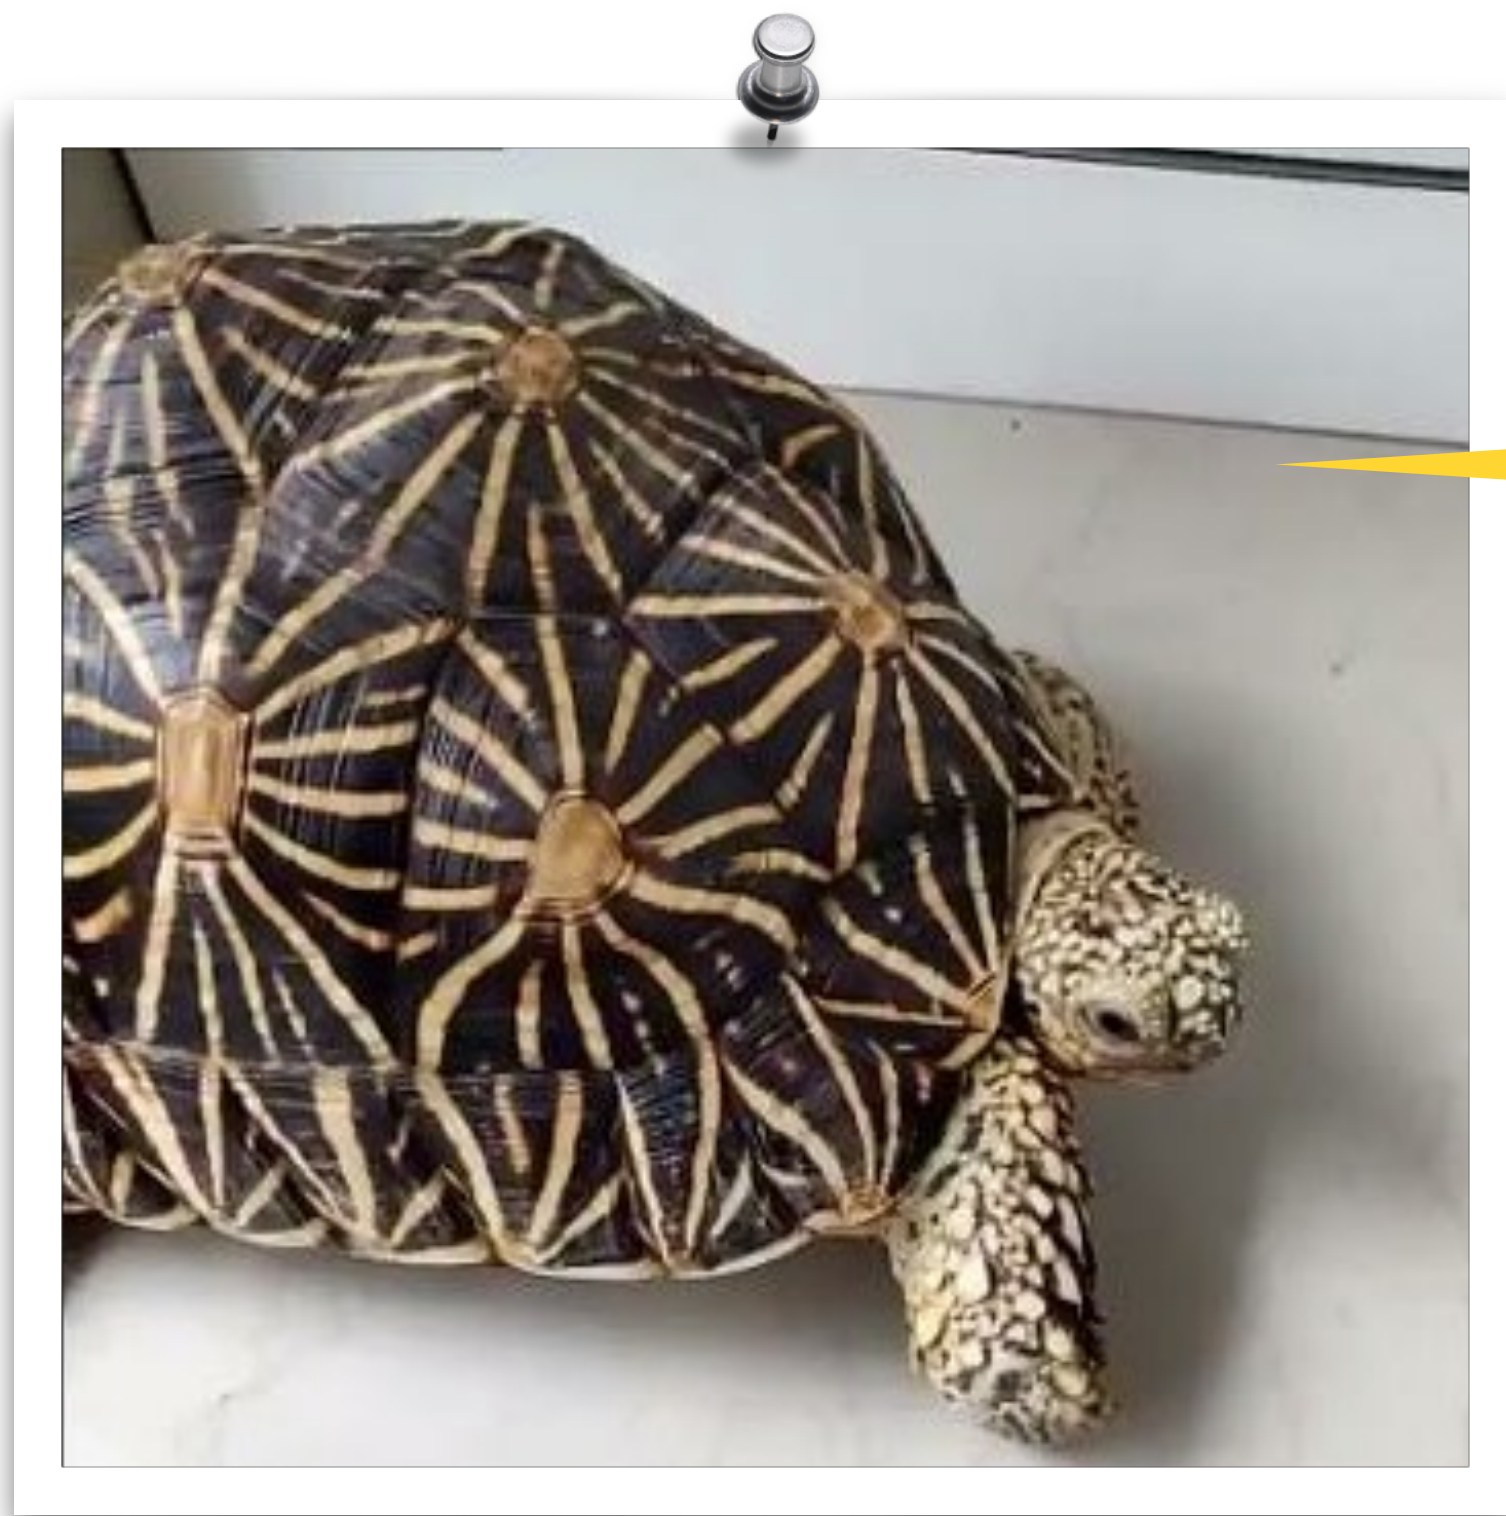

Animals come to class

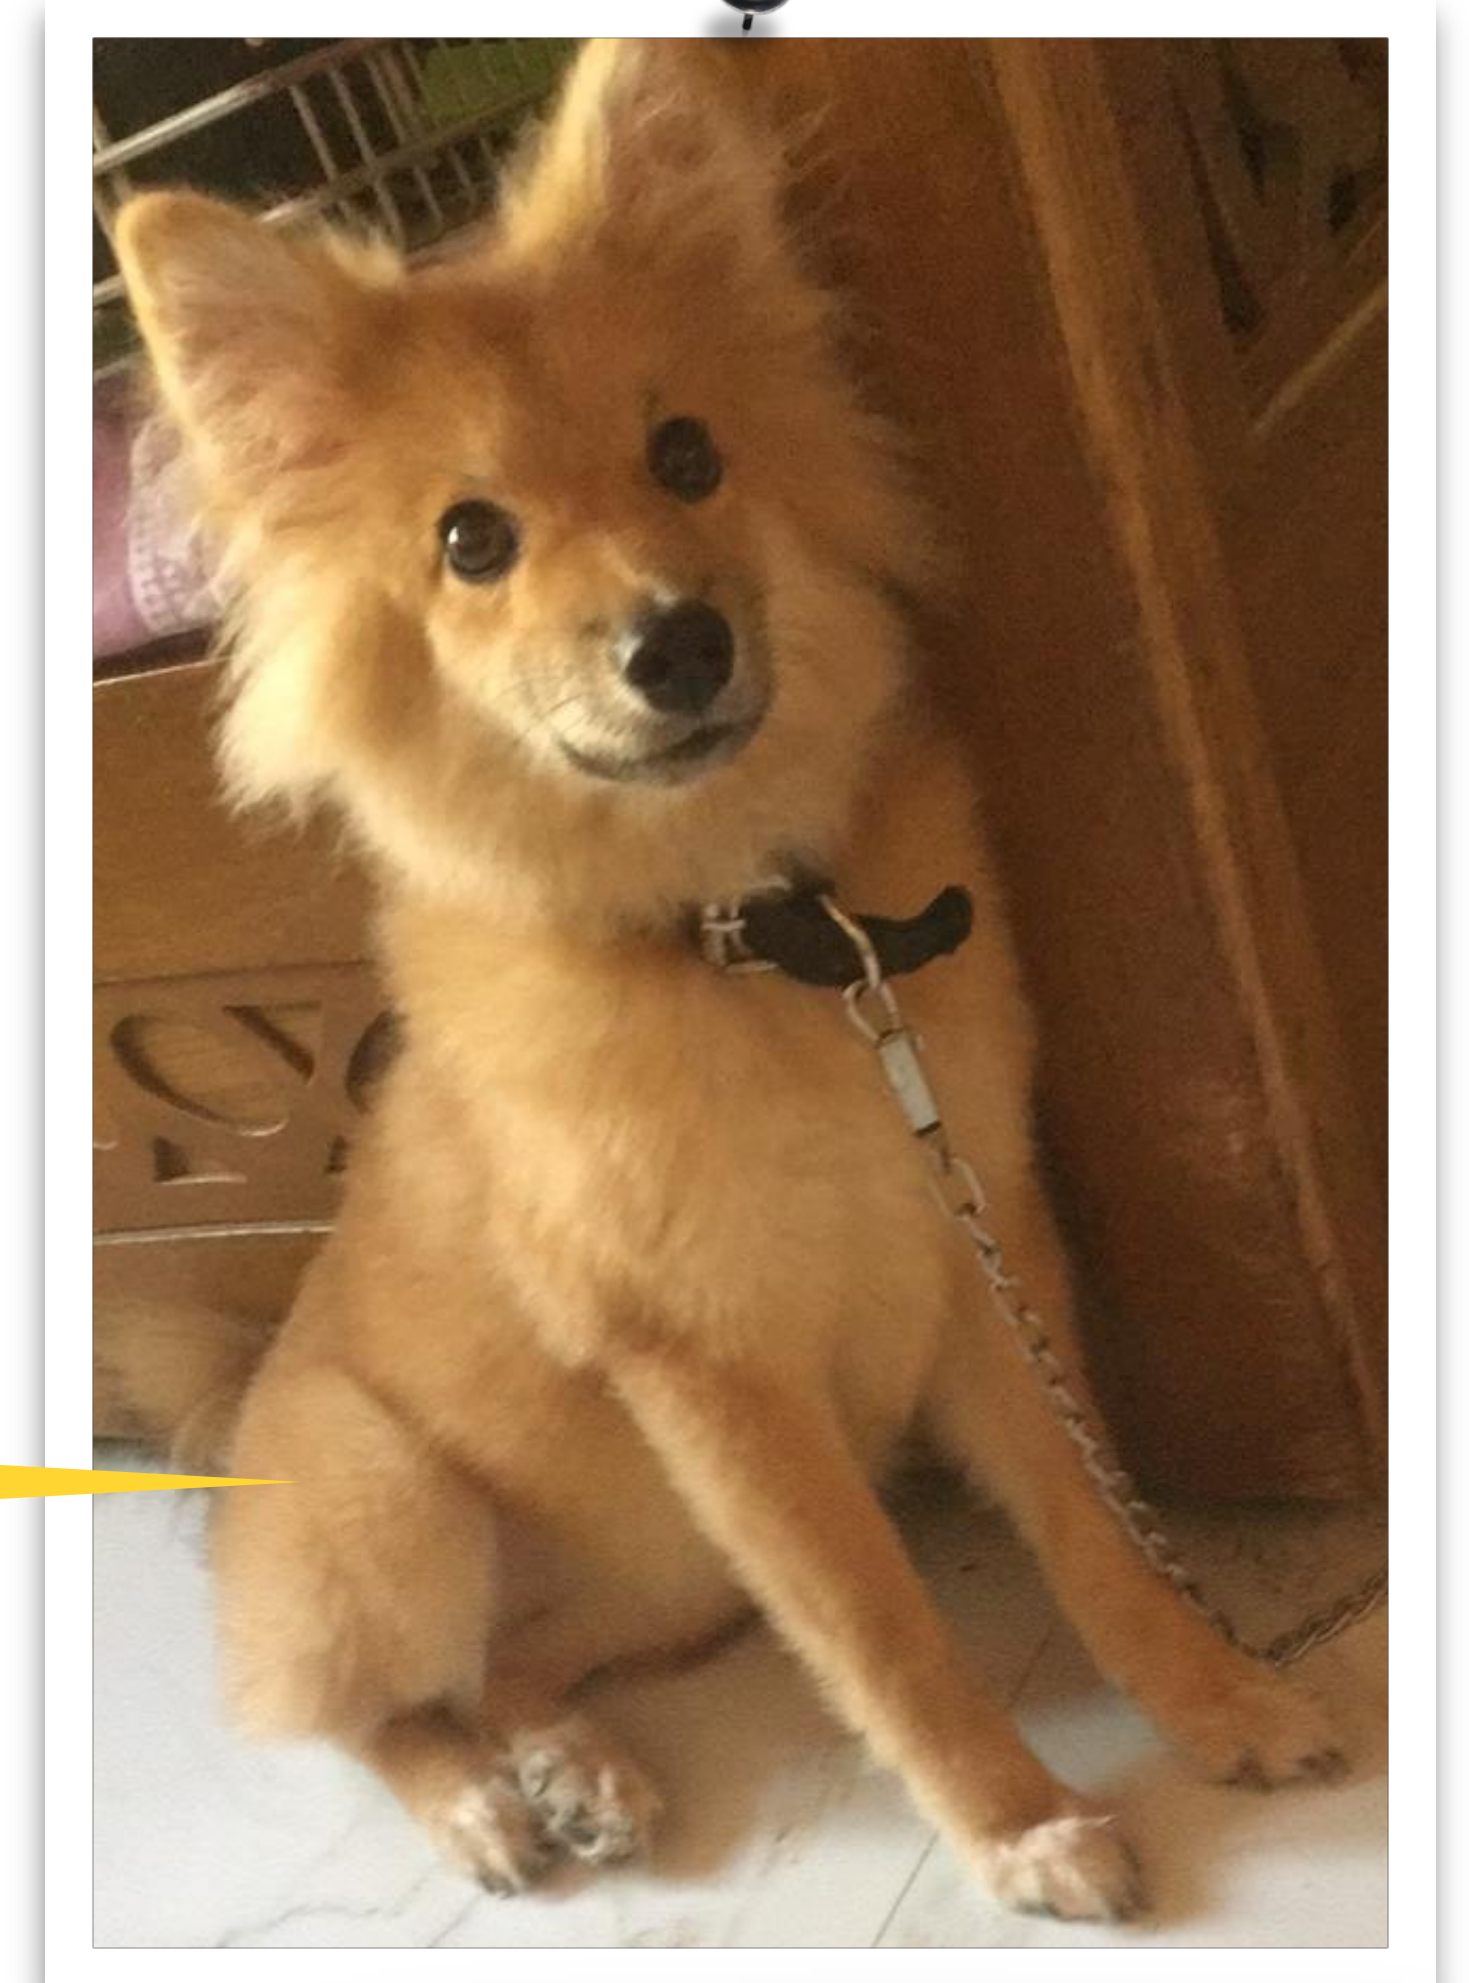

MIA
The Cat

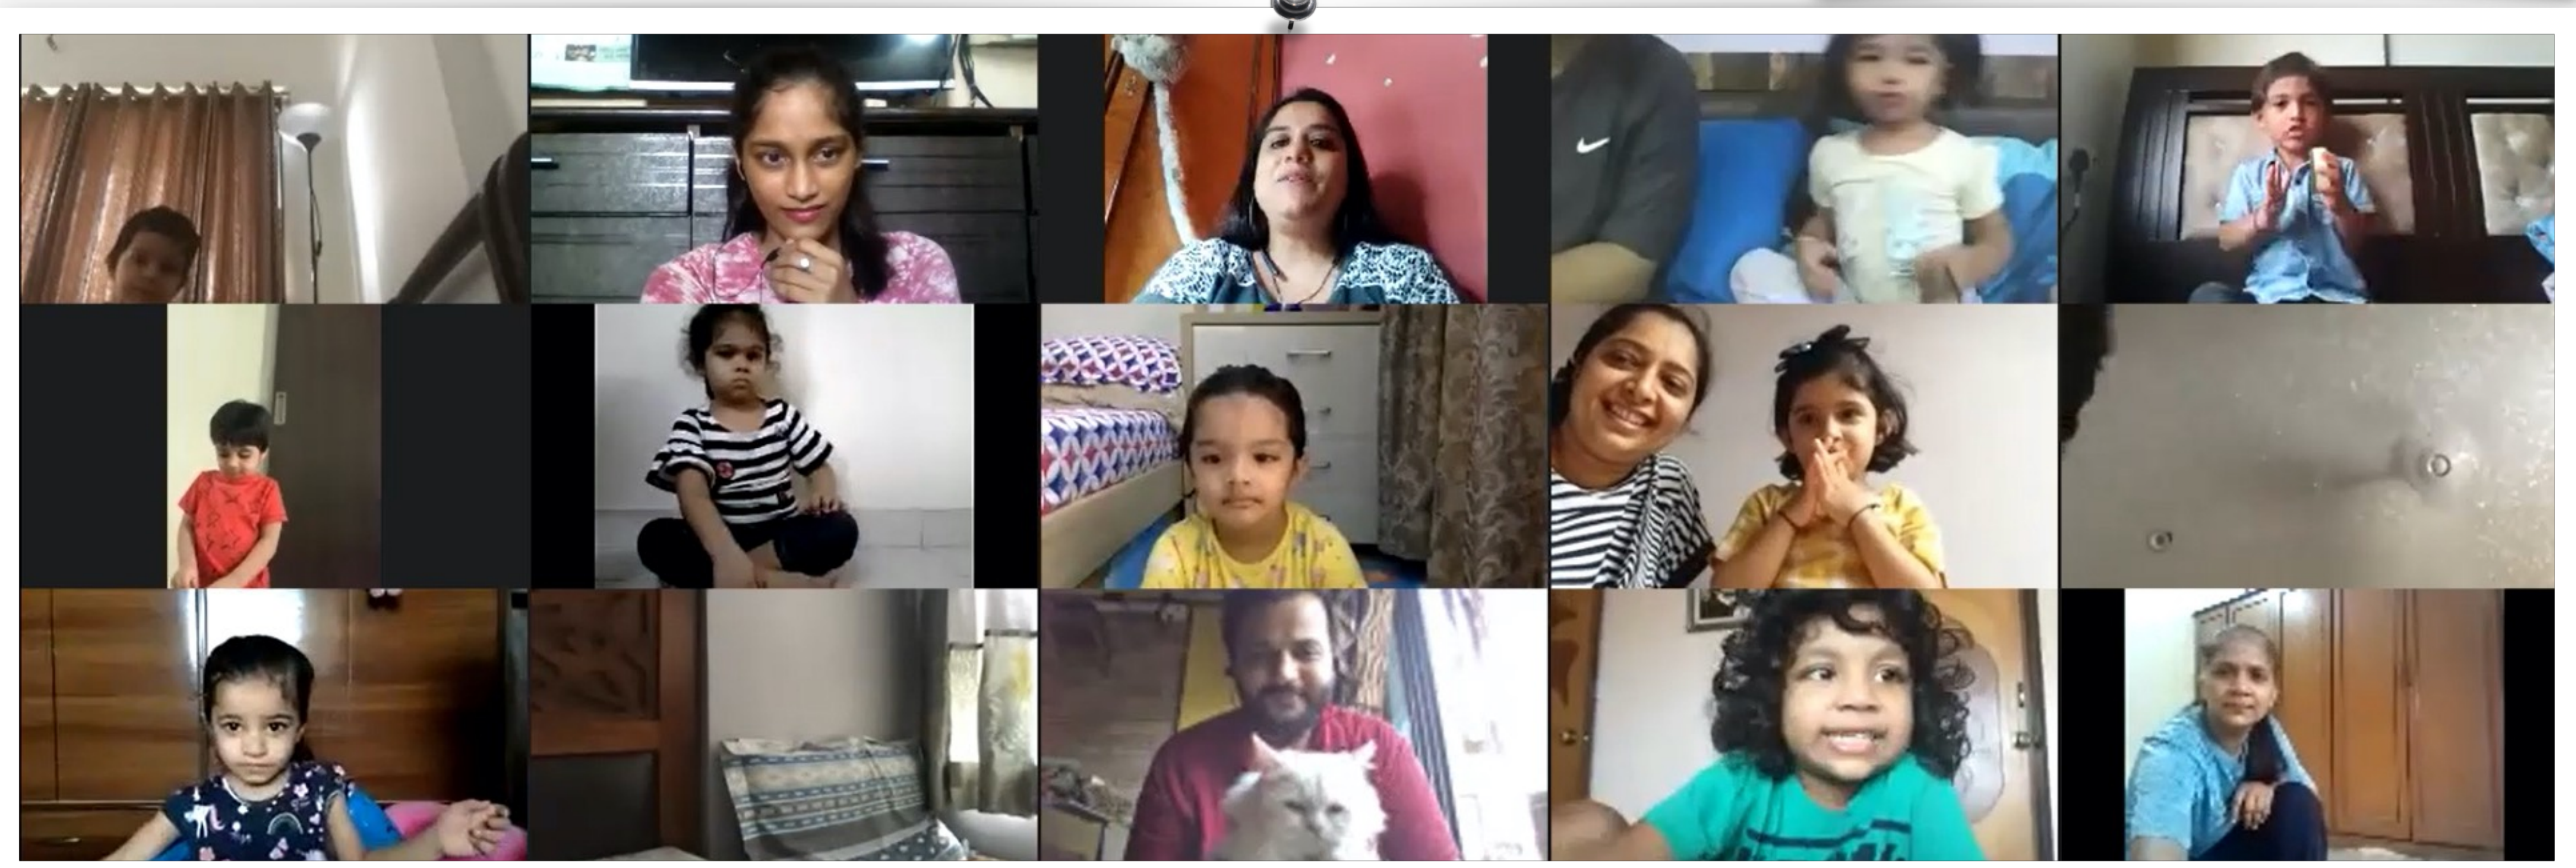

MITTU
The Parrot

PATRICK
The Tortoise

LIZA
The Dog

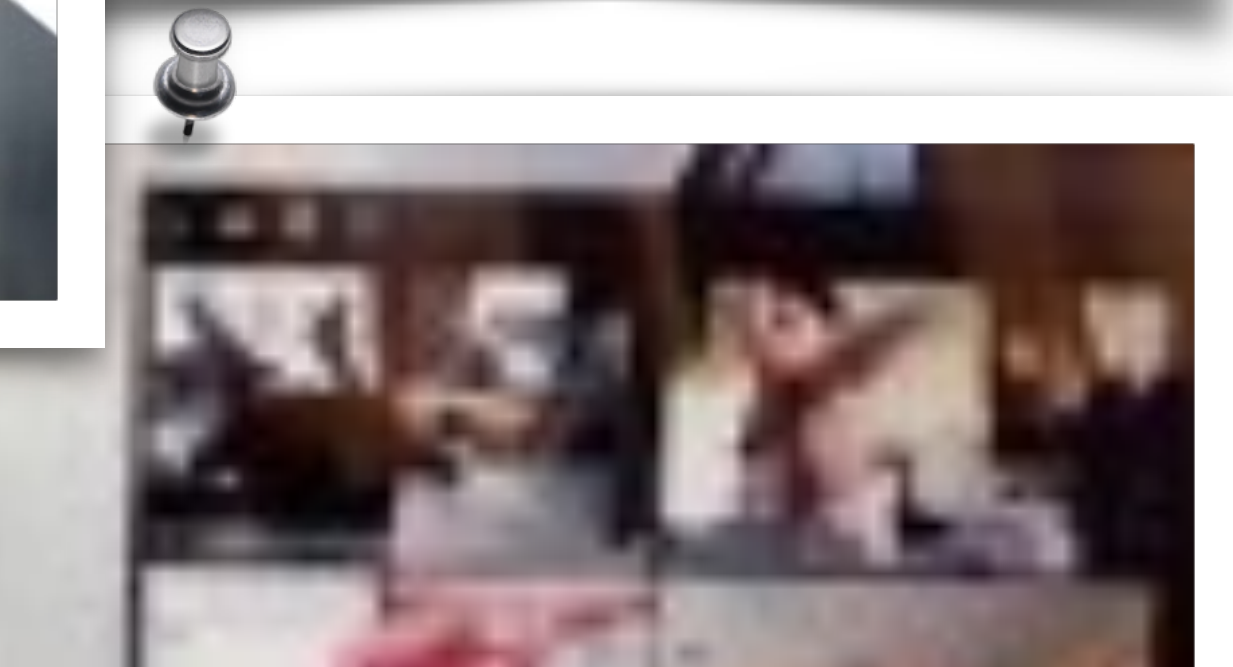

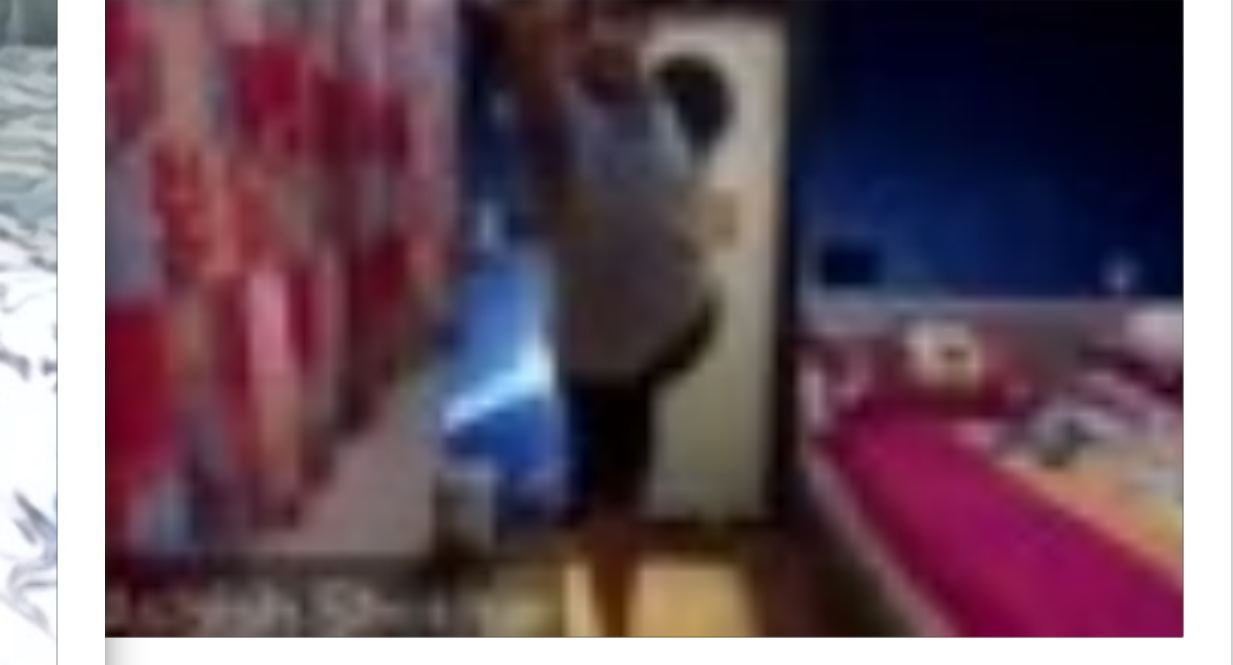

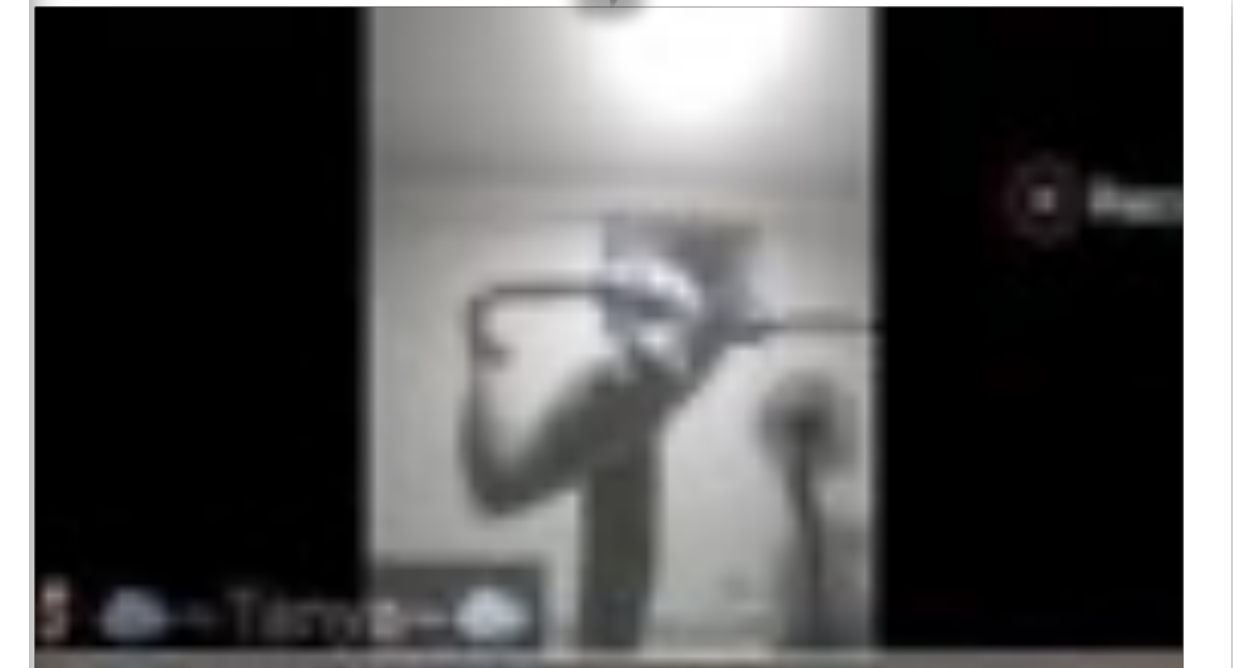

Yoga for a healthy tomorrow

Stay home this International Yoga day, KKIS and BHIS Andheri followed the mantra of our honourable Prime Minister to the T. Being fitness enthusiasts, International yoga day was celebrated from home by our students on 19th June 2020.

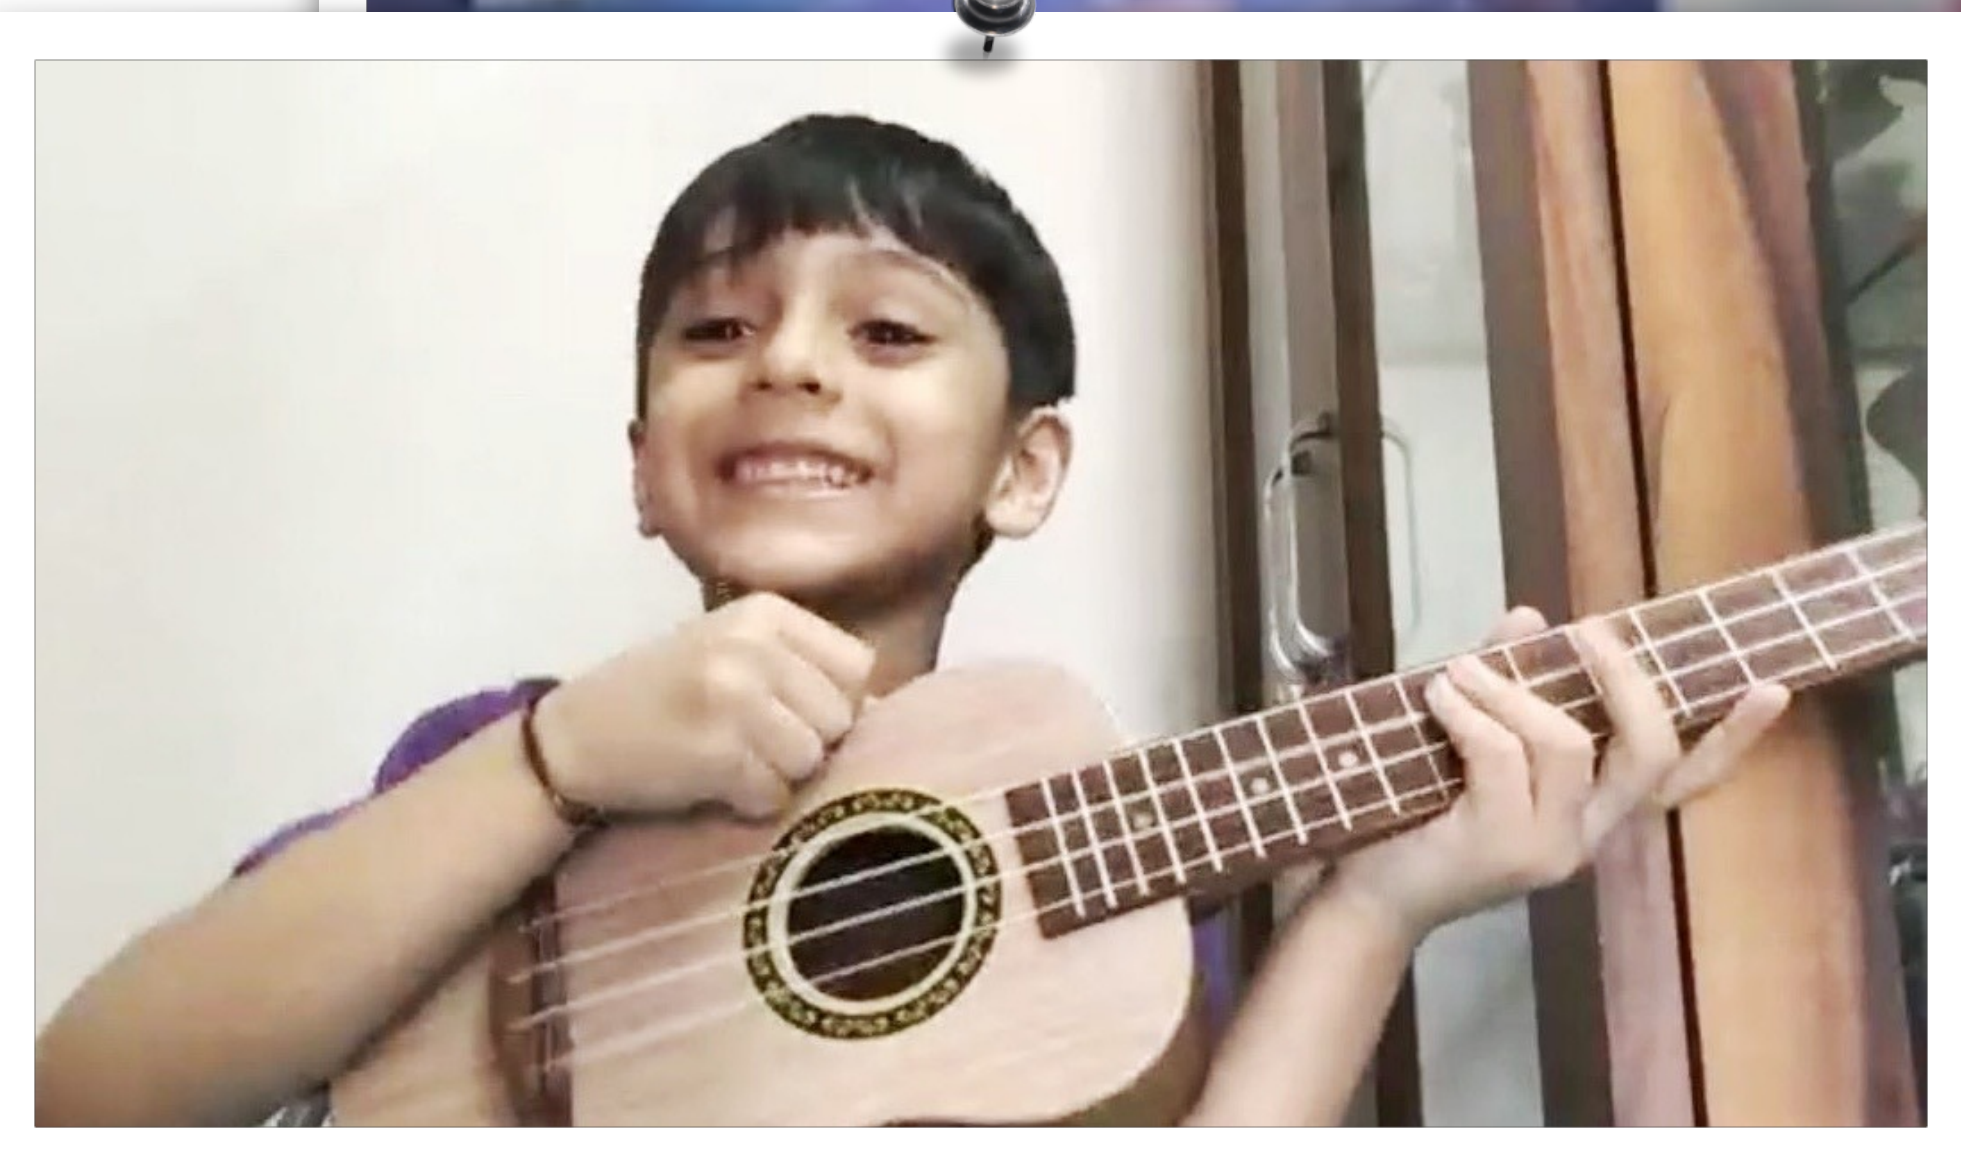

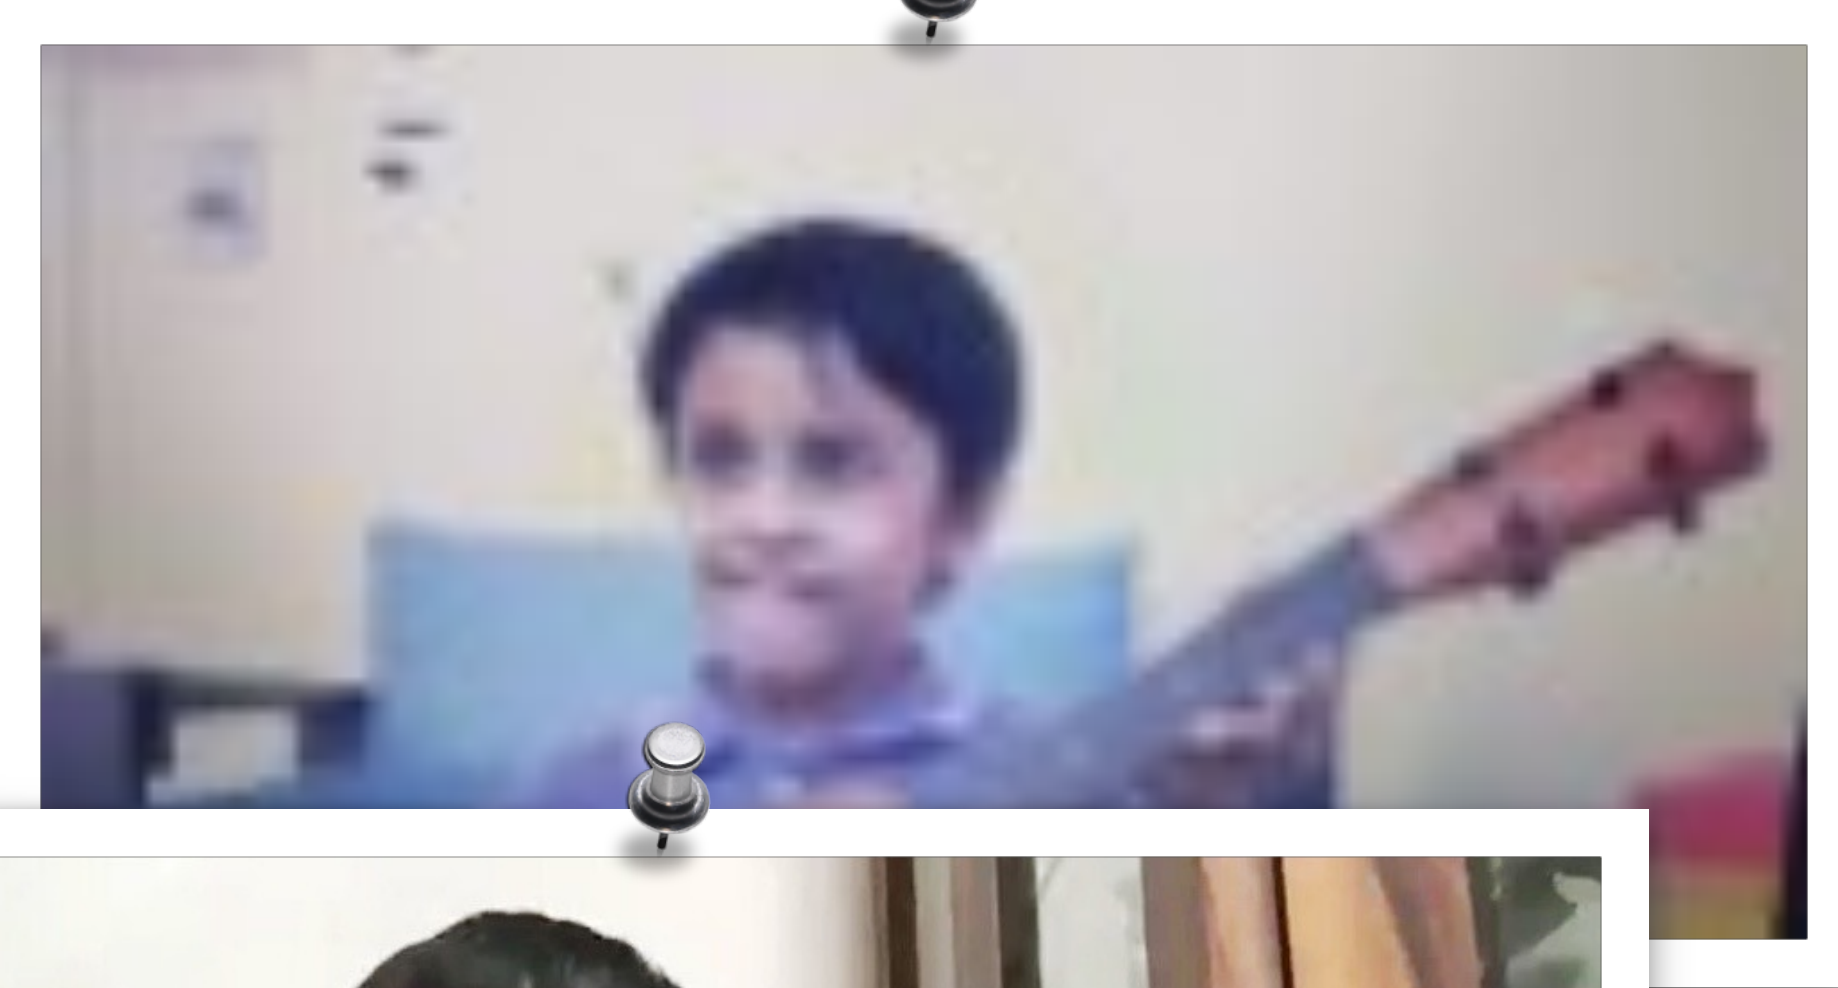

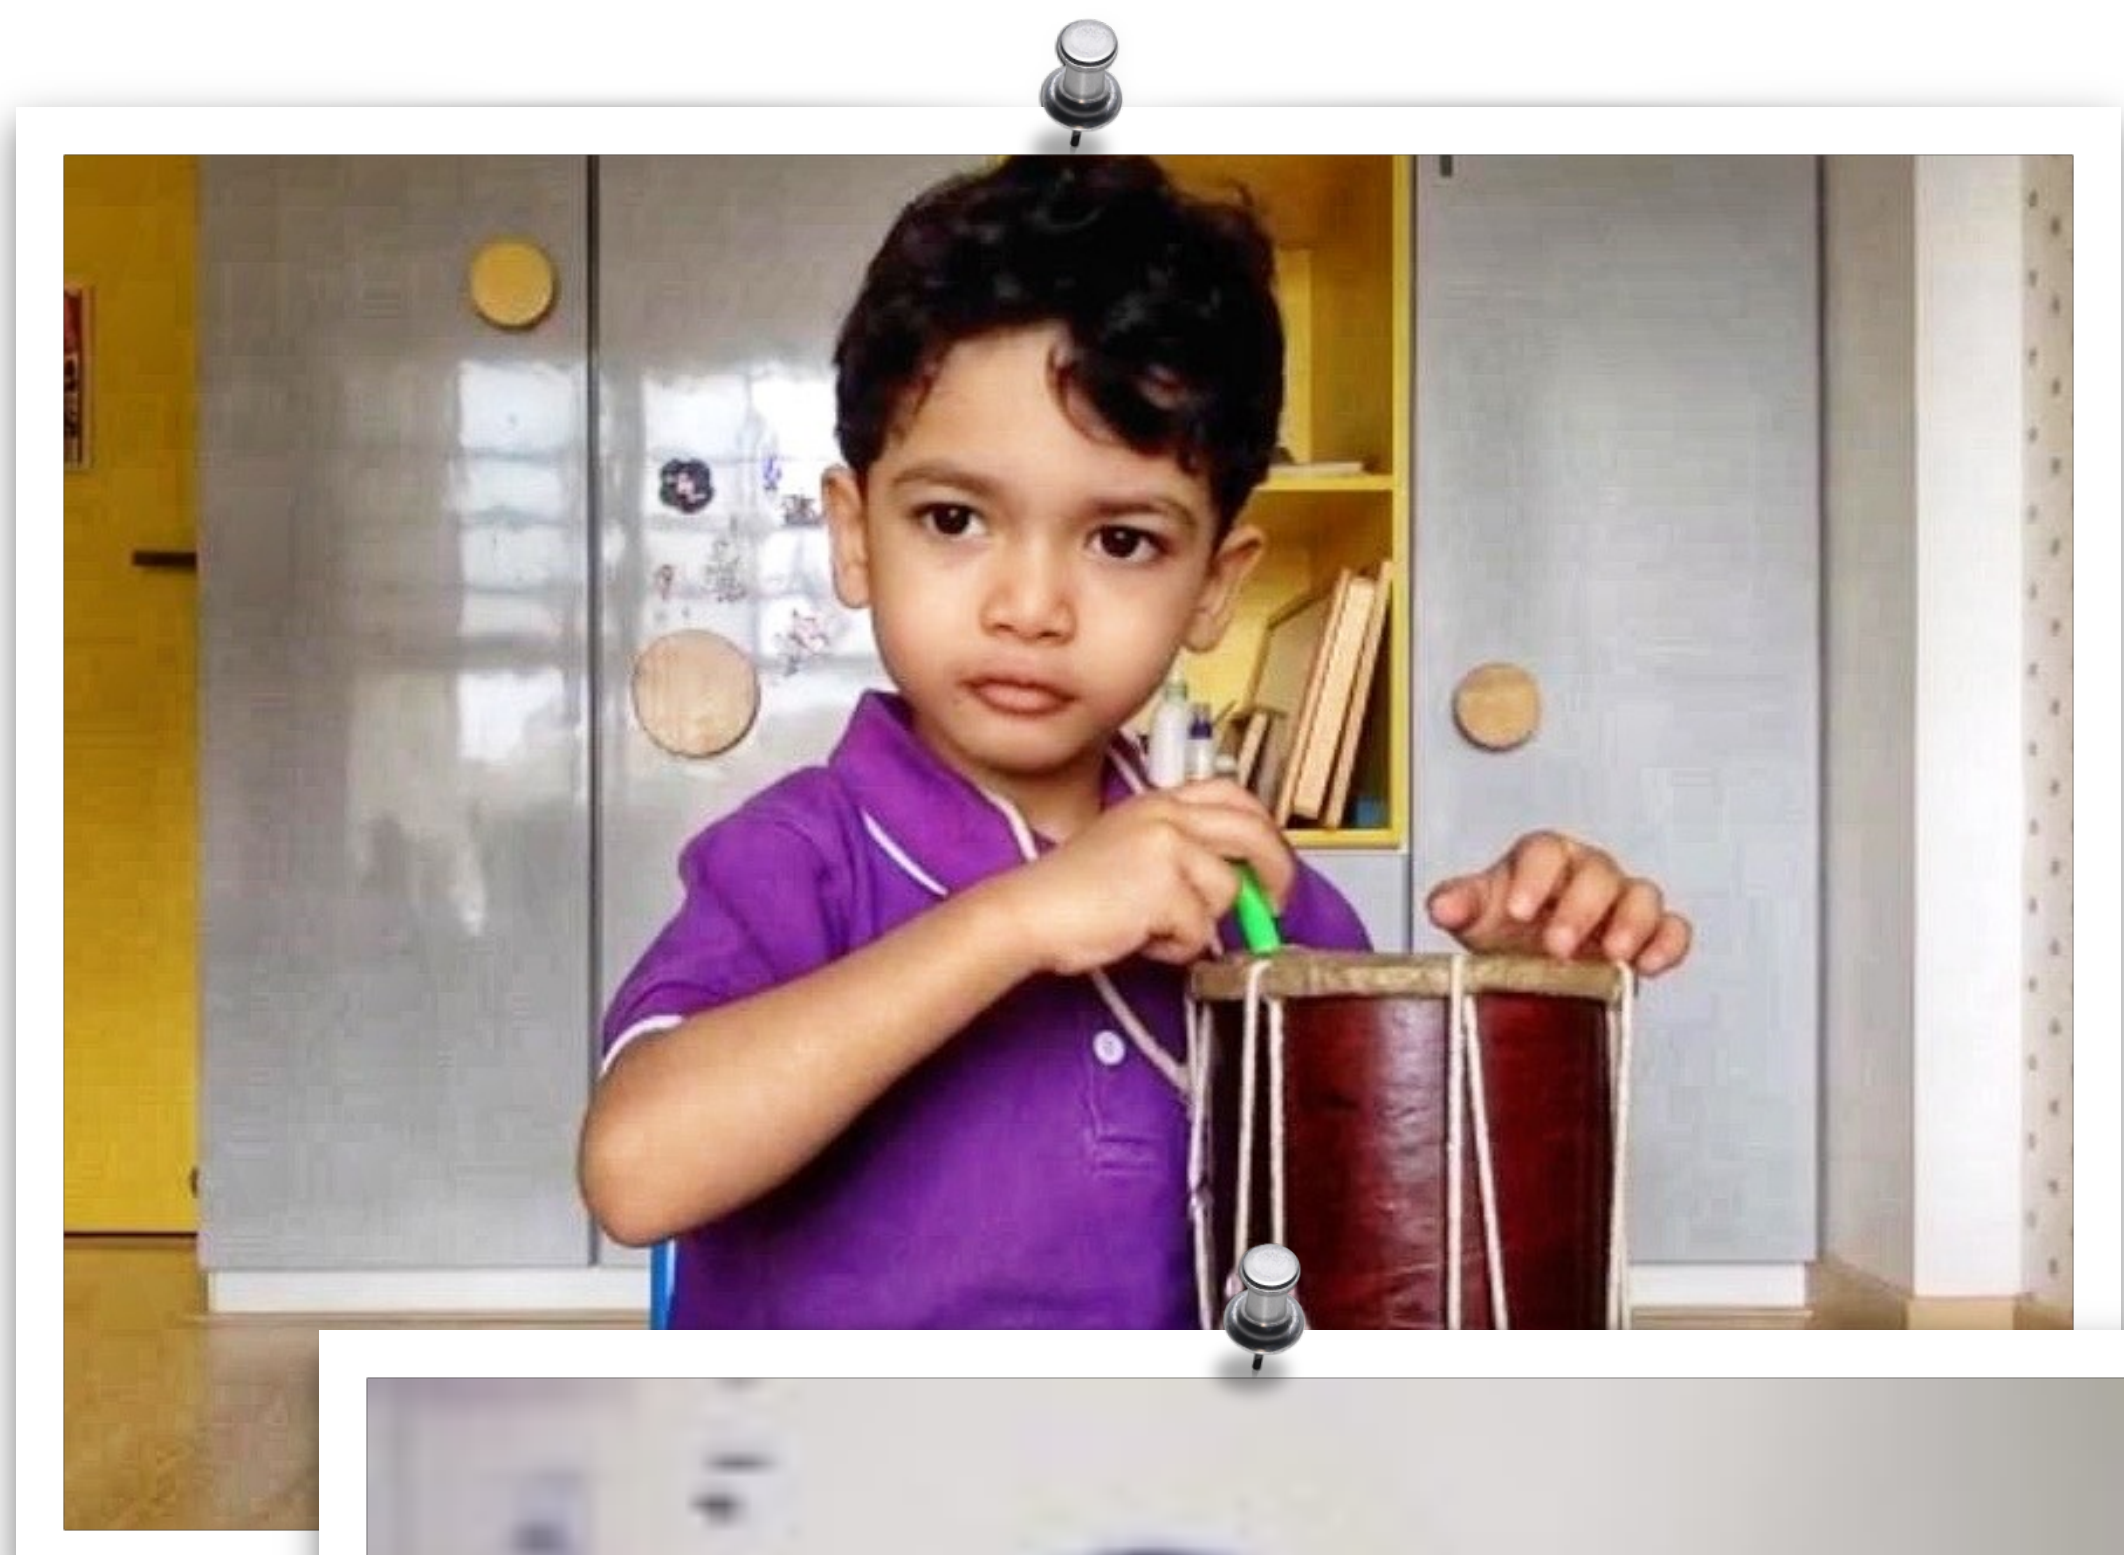

Our PE teachers made the students perform different asanas and explained the benefits of the asanas on the mind and the body.

Our little artists also celebrated yoga by drawing various postures of the asanas taught by our art teacher.

Yoga brings things together and on this International Yoga day our students and teachers celebrated it together despite of the distancing which prevails in the current times.

Bringing The Best Out Of Our Little Musicians

On world music day, music was collaborated with various subjects by our teachers. Our teachers and students played various musical instruments and discussed different genres of music.

Grade 1 was introduced to creative writing by teaching them that their creative thoughts would flow like a river with music being played in their background as music lets our creative juices flow towards our goal. Grade 8 and 9 Students were made to experience music created by nature such as sound of the waves and chirping of the birds during the Environmental Management sessions, this enhanced their ability to calm their minds during stressful or confused moments.

Math and Science have always worked hand in hand with music. Grades 5, 6 and 7 Students were taught to create an instrument using varied techniques. Grade 5 student Kayan Gujral crafted a flute using straws; by cutting them into correct and varied length, he turned these mere straws into the musical flute.

Inter-House Digital Fashion Show

Make way for the trendsetters! Our students displayed their inner fashionista during the inter-house Digital Fashion Show on 24th June 2020. "Trends after Covid 19" was the theme of Digital Fashion show. Every house displayed trends and styles that transported one to the Runway of Milan. Students collaborated with their house members and created videos showcasing an array of outfits that could be the trend after Covid -19.

MAKING US PROUD

Youngest delegate at
IIMUN and VDC MUN

Participating in IIMUN has been an amazing and a challenging experience. I have realized that the content of one's speech has more emphasis than the length of it. I also made my own deceleration (solution paper).

Yes, it was very challenging as **I was the youngest one of all the participants but I worked really hard and never gave up.**

as I have learnt, "There is no substitute for hard work". I shall keep working hard and BHIS Andheri proud and shine!

Nidhish Dewoolkar
Grade 8

- 1 Verbal Mention in IIMUN 7.0**
Represented **JAPAN** as a delegate of UN Women Committee
- 2 Verbal Mention in IIMUN 8.0**
Represented **NIGERIA** as a delegate of Vedic Period
- 3 Special Mention in VDC MUN**
Represented **Sunder Pichai** as a delegate of the World Economic Forum

MAKING US PROUD

7th Position in
NATIONAL LEVEL COMPETITION

Rimsha Shah

Grade 8

When I came to know that I had to draw and that also for national level. I was very scared because I had not drawn for the past 3 months but for my school I tried my best. I stayed up till 4 am in the morning to draw my mascot and even a hour In school but In the end my hardwork and all my teachers and parents support payed off.

I think,

**"If you BELIEVE you can do it,
you will do it"**

I will try everything I think I can do & make my school BHIS Andheri & my parents proud

Seventh position in the National Level **"Reading India Mascot"** designing competition organized in connection with the **World Book and Copyright Day 2019** by **School Library Association, India (SLA)**.

Thank You
