

# BILLABONG HIGH INTERNATIONAL SCHOOL ANDHERI

APRIL - JUNE 2023 NEWSLETTER

**BILLABONG BULLETIN**

**EMPATHY IS  
THE  
MEDICINE  
OUR WORLD  
NEEDS**

Empathy is about listening without judgement. It is about emotionally connecting and communicating the important message - You Are Not Alone. Take a look at how our students of KKIS and BHIS, Andheri comprehended, interpreted and celebrated the feeling of Empathy.

# BHIS SHARK EMPIRE

In our persistent quest to provide students with empowering opportunities, BHIS Andheri organised Shark Tank Event which allowed budding entrepreneurs to demonstrate their business presentations to a panel of experienced business professionals. Our first guest was Mr. Shreyaan Daga who is one of the founders of Online Live Learning (OLL) and was also a young pitcher appearing on the show Shark Tank India, surprising the Sharks with his business model at the age of eighteen. Our second guest was Mr. Nikunj Sanghavi who is a pioneer in the real estate industry and has been at the helm of the most famous projects development from planning to design to implementation. The ideas of students were judged on the basis of market opportunity and concept validation of the company. The vision behind this event was to give the young, bright minds of our school a chance to direct their ideas that originate in their analytical minds.

# GRADE 10 RESULTS

The CAIE announced the results of Cambridge International General Certificate of Secondary Education (IGCSE March Series) and with pride it can be stated that, BHIS Andheri posted 100% results.

Heartiest congratulations to all the students and teachers for their hard work. All the students have passed with flying colours.

Not only have they, brought laurels to the school, they have also taken a giant leap, towards a great future.

May the flag of the school keep flying high!

Congratulations to the Batch of 2021-23

Kudos to Team BHIS!

# STUDENT COUNCIL ELECTIONS

The Process of Interviewing for Student's Council Election 2023-2024- Leadership has the second largest in-school impact on student learning outcomes, behind only classroom teaching.

BHIS Andheri welcomed all the young minds to the Interview for Student Council.

The process of Elections started with the personal interview round. Our esteemed Principal ma'am interviewed the little ones who were extremely enthusiastic and confident about themselves.

Taking on leadership is about all the administrative and management tasks focusing on student outcomes. It helps build a strong community, cultivate vision and plans.

BHIS Andheri wishes all the students to inspire others with their leadership skills!

# INVESTITURE CEREMONY

The Investiture Ceremony is all about putting our trust and confidence in our newly elected cabinet. They, as leaders, take a vow of being the voice of their peers and standing for what is right and what is required at the same time.

The objective of this event is to elect a team fit for the role of inspiring others around them with their leadership qualities. Thus, solidifying the confidence of their peers into their duties.

At BHIS, Andheri we have always aimed at providing hands on experiences for our students and with an improvised voting process, we gave our students a chance to experience the right to vote and elect their future of the government.

After careful consideration, the newly elected student council, through this ceremony are officially handed over their duties, sashes and badges as they take their Oath to do right by their peers and their School.

# INVESTITURE CEREMONY

# EDITORS' CORNER

Our newly elected student editor, Ms. Vidhi Rajan asked a few questions to the trustees. One of them was, What makes a true leader? They answered that a true leader leads from the front but ensures that all members get equal opportunities and that everyone is uplifted - beautiful words by Ms. Dipti Sawant. They (trustees) all felt that the ceremony was beautiful, especially the choir, which sent everyone into a rhythmic trance.

Similarly, Ms. Charvi - the Jr. School Editor - asked the parents for their views. A reply that they received was that they felt it was very well organised and was a great responsibility to be fulfilled. It empowered the students to face their challenges by making them stronger and more confident.

# GRADE 8 ASSEMBLY

This academic year's first assembly at the secondary section was conducted by Grade 8 students. Their theme for the assembly was "Invest in your planet." Students from both the IGCSE and ICSE sections had prepared a range of acts such as an eye-opening skit, a rhythmic dance performance and a soulful rendition of the iconic song - Heal the World! Truly, students are the best teachers!

# GRADE 4A ASSEMBLY

School assembly helps to instill confidence, discipline and moral values in our students. The students of 4A presented their class assembly on the topic '*To err is human, to forgive divine*' on 7th June. Through a simple story, students easily comprehended the power of forgiveness and how it leads to healthier relationships with others. This in turn, enhances their overall well-being.

# FOUNDER'S DAY

Founders Day is celebrated every year with immense vim and vigour. This year as well, we celebrated this auspicious day with cheer and delight. Our grade 10 students who have brought us immense pride with their astonishing grades, were felicitated for their performance and determination by our esteemed Trustees and Principal Ma'am. The virtues and values of this ever-growing institution were elaborated and discussed with the faculty.

# FOUNDER'S DAY

# INTERNATIONAL YOGA DAY

What is better than celebrating one special occasion?

Celebrating two!

BHIS, Andheri celebrated International Yoga and Music Day on June 21st in a splendid way.

The significance of the day was well articulated, coupled with a befitting demonstration of yoga. The theme of the year was Vasudev Kutumbhakam i.e. The Earth is my home. In keeping with the theme, the students were taught Suryanamaskar, or Sun Salutation, to show gratitude towards the source of all life on the planet.

The students performed warm up exercises and all sitting and standing asanas. While for the Music Day, students learned about the different genres, music cultures, musicians from around the world. Students were educated about the importance of music and how it affects our cognitive skills, boosts academic performance and benefits our social and emotional development

# INTERNATIONAL YOGA DAY

# INTERNATIONAL MUSIC DAY

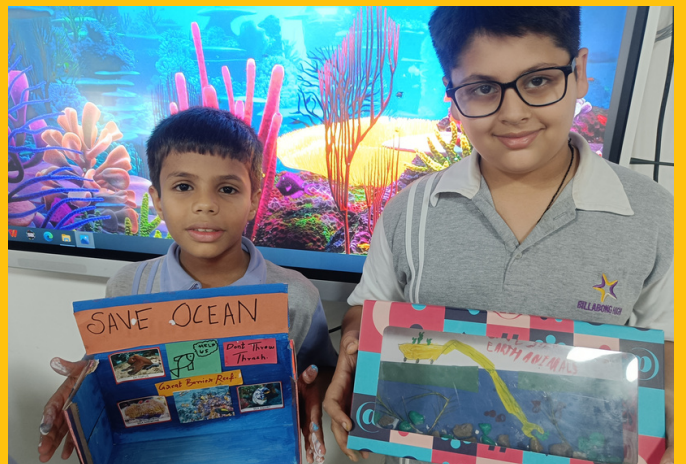

Music is the universal language of mankind.” – Henry Wadsworth  
Longfellow

BHIS Andheri celebrated the International Music Day with a lot of vim and vigour. Students learned about the different genres, music cultures, musicians from around the world. Students were educated about the importance of music and how it affects our cognitive skills, boosts academic performance and benefits our social and emotional development.

# INTER-HOUSE ART AND DESIGN COMPETITION

Art is a form of expression. It helps you speak without words. Our Inter-house Art and Design Competition aimed to do just that. Students were given different themes such as Fast Fashion and Textile-Waste , Ocean awareness, Bio-diversity loss and plastic pollution. Students did their bit by creating awareness on these topics and used old things such as old clothes, shoe boxes and the like to ensure there is no wastage. Yet another time , when Art saved the World, one artwork at a time:

# FIELD TRIP TO PAGODA

“With our thoughts, we make the world”

—Lord Buddha.

What better place to unwind, reflect and be one with our thoughts than a spiritual one like the Global Vipassana Pagoda! Students of grades 8, 9 and 10 were taken on a field trip to the aforementioned place. They were taught various forms of meditation and were encouraged to practice the same in real life. Our students did not just try meditation but also revered and soaked in the beauty and architecture of the place.

# REPORT ON FIELD TRIP TO PAGODA

**Pragati Prashant, Grade 9C**

On 3rd June, 2023 our school had organised a field trip to the Global Vipassana Pagoda. It is a sacred place where one escapes from worries through meditation and self-reflection. It preaches about the teachings of Buddha, who was born in India.

The road to Global Vipassana Pagoda is quite beautiful, and breathtaking, covered with lush green trees and hills. No sooner after arriving at our destination, did we start feeling a sense of calm and peace. The pagoda has two storeys. We learnt about the backstory of the Pagoda, its dimensions and how it is related to science. We also learnt about the history of Buddhism and how this Pagoda was constructed. There were beautiful gardens with colorful flowers blooming around the place. After exploring the second floor, we ventured to the first floor, where we meditated, watched an introductory video about the Pagoda and visited an art gallery where there were paintings depicting the life of Buddha, in a sequence.

There were a lot more places in the premises which were extremely breath-taking.

We are glad that we got a chance to see this place and are looking forward to visit again.

# JOURNEY OF FOOD

The event was all about yummy food that we eat and how it travels from different parts of our internal system. Teaching young children about the journey of food through our digestive system. That's a really important topic to learn about, and it's great that the learners got to be hands-on and dress up as different organs to learn about their functions.

Some examples of these organs might include the stomach, liver, pancreas, and small intestine. It's really cool that the learners got to learn about the role that each of these organs plays in breaking down food and extracting nutrients from it. Children had a lot of fun while also learning.

# WINTER WONDERLAND

Landscape or gardens, sparkling with frost or covered with snow is what make a Winter Wonderland. A lot can change over the years, but it's still the Winter Wonderland you know and love.

BHIS Andheri took this opportunity to make some magical memories with activities like, feed the snowman and ring toss penguins.

Our little ones were amazed, entertained and enjoyed learning about the winter season and it's nuances At the Wonderland set up, children explored animals that live in polar regions.

The main idea of wonderland is to represent the child's struggle to survive in the confusing world of adults.

A big Thanks you to all the Wonderlanders who participated in this exciting event!

# SLUMBER PARTY

"Who says slumber parties have to happen at night? Childrens of Kangaroo Kids at BHIS Andheri had the ultimate preschool pajama day! ( slumbers party). All wore their coziest pajama's and brought soft toys along with them. They enjoyed watching bedtime stories and spent the day playing with their friends. We even had a dance party and a day filled with fun.

# OLD MACDONALD PARTY

"Old Mac Donald had a farm", is a classic Children Nursery rhyme that focuses on Farm Animals. The teachers of Kangaroo Kids of BHIS Andheri, created a complete farm in school for our little ones on 17th June 2023.

The Playschool & Nursery children had a blast doing hands on activities like Maze chase, Feed me, Shadow match and many more. It was an incredible learning experience for them as they got to explore the world of animals and learn about life on a farm. Not only did our little ones enjoy, but the parents too enjoyed the experience.

# VISIT BY A VET AND PETS

Who are Pets? This was a question that was put up to our Playschool & Nursery children of Kangaroo Kids at BHIS, Andheri.

To answer this, live pets like a Bichon Frise (dog) and some love birds came to school. These pets were brought in by our own parents to give them a live experience.

To explain about how to look after pets and their health a vet too came in.

She explained in simple language how we should look after our pets. The children were overwhelmed on seeing these wonderful pets. They played with Pearl the dog, fed him and also fed the beautiful love birds.

What an experience!

# FIELD VISIT TO THE RESTAURANT

Our Sr.KG children of Kangaroo Kids at Billabong High International School were taken for a Field trip to the restaurant, 'Garden Court' at Andheri West.

Teachers explained to the children that a restaurant is a place where cooked food is sold to the public and where people sit down with their family & friends to enjoy the food and outing.

Children experienced how to sit with etiquette and order food. Sandwiches were served to the children. Once they finished eating, they were explained how a bill is then paid for the food that was consumed.

Was a wonderful learning experience.

# EID CELEBRATION

On June 28, 2023, the Preschoolers at Kangaroo Kids celebrated Eid at Billabong High International School, Andheri. They created Eid Greeting Cards using various techniques. The teachers provided a brief explanation of the festival, instilling its significance in the young minds. With enthusiasm, the children used watercolors and paper cutouts to express their creativity. This celebration promoted unity, compassion, and love, leaving a cherished memory of cultural understanding.

# WORLD ENVIRONMENT DAY

Everything comes from the living Earth. With this thought, both the primary and the secondary section students of BHIS Andheri celebrated World Environment Day with several activities.

Students of Grade 1 and 2 planted seeds and took their first step towards a better, healthier and a cleaner environment.

Reinforcing the urgent need to preserve our environment, our Grade 3 students strung their feelings into powerful slogans.

Grade 4 students hymned in harmony alluding to the significance of Mother Nature. Primary section students planted saplings, decorated their small cups in which they sowed seeds.

Secondary section students made bird feeder and watched videos on the measures to reduce plastic pollution.

Our children got to learn about how we can inspire , empower to take actions for a cleaner, greener planet together!

# WORLD ENVIRONMENT DAY

World Environment Day falls on 5th June, but our Preschoolers of Kangaroo Kids at Billabong High International School celebrated it on Tuesday, 27th June 2023. The teachers spoke about how this day helps raise awareness about environmental problems and how we can take steps to tackle them. Children were made aware about these environmental problems and how they are going to be a threat in the near future.

At all levels, children did group activities to show what 'A happy & sad Earth' is and how not to pollute our Mother Earth.

## SELFISH PRINCESS ANNE

ONCE UPON A TIME, IN A LAND FAR, FAR AWAY, THERE LIVED A PRINCESS CALLED ANNE. PRINCESS ANNE HAD ALL THE POSSIBLE LUXURIES A PRINCESS COULD ASK FOR. ONE DAY WHEN SHE WENT OUT FOR A CARRIAGE RIDE. ON THE WAY BACK SHE SAW A FARMER'S SON FALLEN DOWN ON THE ROAD. HE WAS HOLDING HIS LEG AND SCREAMING IN PAIN. PRINCESS ANNE SAW A BICYCLE FALLEN DOWN BESIDE HIM. SHE GUESSED HE MUST HAVE FALLEN OFF HIS BICYCLE. IT WAS QUITE A ROCKY PATH, WHICH MUST HAVE CAUSED THE FALL. SHE COULD HAVE STOPPED AND HELPED HIM. SHE WAS ON A LEISURE RIDE AND NOT IN ANY HURRY TO GO ANYWHERE. SHE EVEN HAD A FIRST AID KIT IN HER CARRIAGE! BUT ALAS! PRINCESS ANNE DID NOT FEEL ANY EMPATHY TOWARDS THE BOY. THERE WAS NO SADNESS NOR A THOUGHT THAT MAYBE HE WAS IN SO MUCH PAIN, HE MIGHT NEED HELP TO GET UP. BUT INSTEAD SHE DID NOT CARE AND THOUGHT TO HERSELF WHY SHOULD I BOTHER? I DO NOT FEEL LIKE GETTING OFF MY CARRIAGE, WHERE I AM SO COMFORTABLE. SHE CONTINUED ON HER JOURNEY, WITHOUT SHOWING ANY EMPATHY OR EVEN GIVING THE BOY WHO WAS INJURED A SECOND THOUGHT.

# A STORY-TELLER IN THE MAKING...

**RHEA NAIR  
GRADE - 4D**

## *BENEVOLENT MARIA*

ONE BEAUTIFUL MORNING MARIA'S PARENTS (MR. AND MRS. QUINN) DECIDED TO TAKE HER, ALONG WITH HER TWO BEST FRIENDS, CELINA AND DANIEL FOR A PRIVATE SCUBA DIVING LESSON TO SHIMMERING BEACH. THE TRIO WERE SUPER EXCITED TO SEE ALL THE FLORA AND FAUNA IN THE SEA. THE INSTRUCTOR SET UP A COMPETITION, THE ONE WHO WOULD FINISH FIRST FROM THEM WOULD GET TO TAKE HOME SOME VERY RARE, BEAUTIFUL AND PRECIOUS SEA SHELLS. MARIA DECIDED TO GIVE IT HER BEST AND REALLY WANTED TO WIN. DURING THE RACE, WHILE MARIA WAS SWIMMING UNDER WATER, SHE SAW A SEA TURTLE STUCK IN THE WEEDS. MARIA IMMEDIATELY FELT EMPATHETIC TOWARDS THE POOR SEA TURTLE. SHE STOPPED AND TRIED TO FREE THE SEA TURTLE, EVEN THOUGH SHE KNEW THIS WOULD MEAN LOSING THE RACE! SHE MANAGED TO FREE THE SEA TURTLE AND CARRIED IT GENTLY TO THE SHORE WHERE HER FRIENDS HAD ALREADY FINISHED THE RACE. THE SEA TURTLE WAS IMMEDIATELY TAKEN TO THE VETERINARIAN WHO WAS REALLY PROUD OF MARIA'S RESCUE ACTION. EVERYONE ADMIRING MARIA'S KINDNESS AND SHE GOT AN EXTRA SPECIAL TREAT, SHE COULD HAVE AS MANY SCUBA DIVING SESSIONS SHE WANTED FOR THAT DAY! (FOR BEING SO EMPATHETIC.) THAT DAY MARIA SHOWED EVERYONE AROUND HER THAT EMPATHY CAN BE SHOWN NOT ONLY TO HUMANS BUT TO ANIMALS TOO. SHE THEN STARTED A MINI-ORGANIZATION WITH THE MOTTO:  
"EMPATHY IS THE MEDICINE THE WORLD NEEDS!!"

*RHEA NAIR- IV D*
